- 
- Forum will have documentary video plus audio recording. All questions and answers are recorded and mailed to attendees and others on distribution list whether at Forum or not, posted to web page.
  - Attendees are requested to submit questions on 3x5 cards (available in binders).
  - Cameras or other video recording devices (e.g. cell phones) are not authorized for the site/range tour.
  - Small conference rooms will be available on Wednesday (22 March) for attendees wanting to work out details on partnering arrangements.
  - Escorts will be available for return visits to site if necessary.
